HELP CUSTOMERS CHOOSE THE RIGHT ADHESIVE TAPE FOR THE JOB

**No.70MT**

## Cloth Masking Tape

Cloth masking tape is a versatile and durable form of masking tape specifically designed to protect surfaces during various painting projects. Characterized by its easy-to-tear cloth backing and robust rubber adhesive, this masking tape provides reliable performance for both professionals and DIY.

Adhesive Type:Rubber PSA

Backing / Carrier:PE Laminated Spun Rayon Cloth

Total Thickness:290μm

Adhesion to Steel Plate:2.8N/10mm

Tensile Strength :51.0N/10mm

## Stucco Masking Tape

Stucco Masking Tape is the ideal solution for a variety of masking needs, particularly during stucco and painting applications. With its UV resistance, waterproof features, and easy application, this tape offers reliable performance in both industrial and DIY projects.

Adhesive Type:Synthetic Rubber

Backing / Carrier:Polyethylene Film

Total Thickness:170μm

Adhesion to Steel Plate:20N/25mm

Tensile Strength :≥8MPa

**No.150**

**No.150**

## PE Cloth Masking Tape

PE cloth masking tape is light and soft carrier but more stretch-resistant. Most of applications are masking building steel structure, bridge steel structure, granite exterior wall, ceramic tile, concrete.

Adhesive Type:Acrylic adhesive

Backing / Carrier:Polyethylene cloth

Total Thickness:165μm

Adhesion to Steel Plate:2.84 N/cm

Tensile Strength :63.7 N/cm

## Cloth Tape Masking Film

### 70 Mesh Natural Rubber Cloth Tape, 16mm Masking Tape, Light Green, Jewel Blue

Cloth pre taped masking film is a 2 in 1 solution for painting, Masking film + Cloth masking tape. It making house painting easier, cleaner and faster.

Natural rubber cloth tape widths: 16mm, 18mm.  
UV resistant for outdoor painting.  
Excellent adhesion to irregular surfaces.  
Removable without leaving a trace of adhesive residue.  
Electrostatic corona treated 8um HDPE masking film.  
Multi-folded to hand size.

### Cloth Tape Masking Film
